

Sigma Alpha Epsilon's 100 YEARS

Sigma Alpha Epsilon brothers and alumni celebrated their fraternity's centennial founder's day with a banquet and festivities held at their house.

As far as community involvement, Sigma Alpha Epsilon conducted the Date Rape Awareness Program with IFC both fall and spring semesters. This program was part of their pledge program and was open for all fraternities to participate in. A video was shown along with group discussions held by some of the brothers. President Joe Nagggar commented, "The entire brotherhood was involved in facilitating the program."

The brothers of Sigma Alpha Epsilon also participated in other philanthropies on campus and were involved with Special Olympics, the Panhellenic Community Clean-Up, and hosted the Dance Marathon Kick-Off Party at their house to motivate the dancers.
